# Select reviews are vital in promoting the Discovery Course!

We trust that you will soon agree...

This is of course *voluntary*, but the Discovery Course is a life-transforming resource that others need to know about! If you feel that is the case, all that is required on course closure is to offer a positive comment on one particular session that impacted you and how the course helped you spiritually. Also, state your name (*or remain anonymous*), age and current/former occupation to indicate its demographic appeal.

On behalf of the team, thank you! ..... (Team Coordinator)
